

PROJECT : Fire Risk Assessment, Nottingham

CLIENT :
Foresight Group

LOCATION :
Nottingham,
Nottinghamshire

VALUE :
£ Undisclosed

Challenges -

The building is in the heart of Nottingham's professional district and is a multiple occupancy building.

Foresight moved to the office following a fit out of one of the levels and required a fire risk assessment undertaking and provision of fire extinguishers etc.

Solution -

Safety Advisors visited the site and undertook a fire risk assessment, we also provided a range of fire controls measures which we maintain.

Results -

Compliance with the Regulatory Reform (Fire Safety) Order 2005. Compliance with the building operators requirements for fire control.
