Challenges -

Refurbishment of an existing operational hotel. Phased refurbishment to maintain hotel operation. Switching/isolation of the fire alarm system.

Solution -

Safety Advisors maintained a 'watching brief' of the hotel in order to meet the requirements of the Fire Safety Order and CDM Regulations 2007.

Results -

The hotel was refurbished in 18 weeks and the health and safety of the guests and staff was maintained.

Skills -

- Construction fire safety
- Construction Health and Safety
- Regulatory Reform (Fire Safety) Order 2005
- CDM Regulations
- Fire risk assessments
- Temporary fire protection measures

Safe today, health tomorrow
